In addition to the foregoing, the

In addition to adopting the report of the road and bridge committee in structuring the county superintendent of highways of Hamilton and East Grove townships to proceed with letting the contracts for the erection of two county aid bridges, the board did little else of importance before adjournment Tuesday afternoon.

The appointment of the election judges brought out some amusement because of the difficulty some of the supervisors had in appointing a judge whom they were absolutely certain were progressives. Supervisor Wagner of Bradford was the first to encounter the difficulty when, after naming one progressive, he remarked that he "didn't know where he was."

Supervisor Grove of Willow Creek took a chance on appointing a man "who was county central committee man for the progressives in 1912" but Mr. Grove declared that he didn't know where that man was affiliated now.

OPIUM SMUGGLED IN AUTOS

U. S. Customs Men Fight Lawbreakers on Mexican Line.

Washington, June 12.—Opium smugglers are especially active along the Mexican boundary. The automobile has been adopted by them as the most successful means of eluding customs inspectors in bringing the drug into California and Texas. Tijuana, Galicexco and Campo are the three bases most popular with the opium traffickers. American customs inspectors, however, are now unusually alert and have arrested scores of the smugglers at the risk of life. Inspector W. D. Evans of Tijuana is recovering from a bullet wound inflicted by a smuggler who resisted arrest.

Gives Vacation, Sans Pay.

St. Louis, Mo., June 12.—The St. Louis Southwestern Railway company (Cotton Belt route) has announced a retrenchment policy that will affect all its employees from president to office boy, with the exception of the employees of the transportation and mechanical departments. All others were notified they will be required to take a furlough of three days each without pay.

PANAMA TREATY UP SOON

Washington, June 12.—Secretary Bryan announced that the Colombian treaty, by which it is proposed to pay \$25,000,000 to the South American republic for the partition of Panama, would go to the senate for action immediately after disposition of the Panama tolls exemption repeal. The treaty has been ratified by the Colombian congress.

Off to End China's Floods.

Washington, June 12.—Seventeen American engineers, going to survey the Hual river reclamation project, by which it is hoped to rid China of floods and famine, sailed from Vancouver. Col. W. L. Silbert, from Panama canal work; Arthur P. Davis, chief of the reclamation service, and Prof. Daniel Meade of the University of Wisconsin head the party.

HORSES TIPPED RIDERS OUT.

When the horse that they were leading on the pump factory road last evening became frightened and overturned their rig, Norman Miller and Roy Feldgriehner had a narrow escape from serious injury.

The young men were driving and leading another horse by the side the buggy, when an auto passed, frightening the animal, causing it to jump against the buggy and overturn it.

Both were thrown violently out of the vehicle and luckily not seriously hurt.

MAN AMUCK, SHOTS EIGHT

Later Is Slain by Posse—One Victim Expires Instantly.

Whitesburg, Ky., June 12.—Five of eight persons shot at Neon, near here, by William Day, a mountaineer, are not expected to recover, according to reports received in Whitesburg. Victor Stampher, one of Day's victims, died instantly. Day himself was killed by a posse. Day resisted arrest on a minor charge, broke from the officer and, running to his home, obtained a shotgun and a supply of shells. He then returned to the main street and opened fire upon a crowd of men and boys. The five victims who are not expected to live are Magistrate J. M. Wright, M. Davis, hotel proprietor; Roy and Jennes Taylor and Burnett Collins, a small boy.

JUNE 12 1914

General Carranza (sounds like a cuss word, don't it?) and the members of his scalping party object to being called "rebels." Probably the aesthetic sense of the effete gentlemen revolt at the ugly sounding word, "rebel." They want to be called "Constitutionalists." It is not so bad to say, but the word is a test for endurance if you have to write it a dozen times a day, so please, General, if you don't mind, we'll be obliged to fall back on plain "rebel" once in a while for a rest. We don't want the General to get mad and stop his paper, but honestly, if this Mexican business is going to keep up very long, we feel that the three dollars a year won't cover the wear and tear on our nerves and the typewriter.

If the Board of Supervisors won't put that state aid road work on the Line in Highway this year maybe Dixon township can spunk up and get the free mile of concrete road by voting a bond issue and putting in some road on its own account. It seems a shame to pass up a perfectly good mile of concrete road that can be secured free of charge.

The County Home committee of the Board of Supervisors has been instructed by the board to look around for a suitable place for a new county home. Our friend, Mr. Edwards, the supervisor from Amboy, made the motion that they be so instructed. We hope "Billy" isn't plotting to have them pick out Amboy as the spot.

It is to be hoped that those thirsty Sterlingites will fully appreciate the mercy and the kindness extended to them by the Dixon Commissioners in the extension of the Saturday night closing time one hour. It will mean a new lease of life to the Sterling bunch and the Basket Brigade will have more time for its parade.

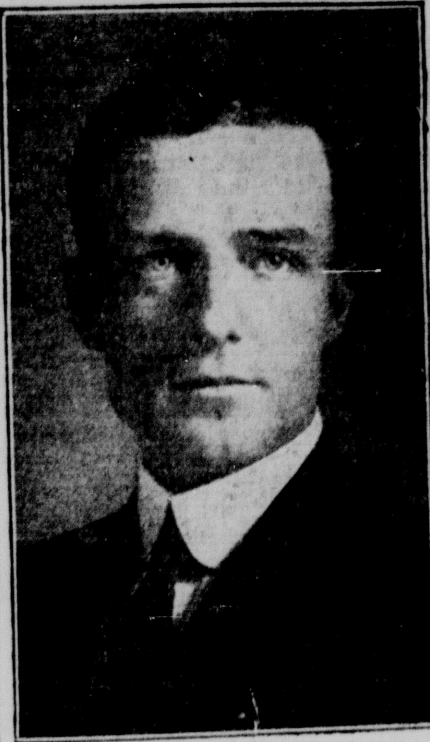

Now that the city has decided not to hold that election for a bond issue it might not be out of place to go ahead with the election for a township bond issue and put in those five miles of permanent road across Dixon township on the Lincoln Highway.

June brings us roses and brides and all those sweet things, but the party who wrote that little piece of philosophy about there being a fly in the ointment was a true prophet, for June also brings us June bugs.

It now begins to look as though the supervisors intend to build a new county home for the unfortunates of Lee county before a fire visits the old one and burns them all to a cinder. Good!

If Professor Wilson only had as good ideas about tariff as he has about mediation he would have a better chance of being returned to the White House in 1916. But he hasn't.

ADMIT "BANANA PEE" FRAUD.
Buffalo, N. Y., June 12.—Lorenzi M. Renzi of Buffalo, who was arrested here recently, charged with trying to collect a \$250 against the Rock Island railroad for slipping on a banana peeling three weeks ago in Chicago, when arraigned, pleaded guilty and was held to the grand jury.

Renzi's game was to slip on banana peels in various cities and then file claims for damages. Antonio Pierrone, an actor, who accompanied Renzi and acted as witness to the "accidents," also is held to the grand jury.

Adjusters from Chicago came to Buffalo and handed the men marked bills. The arrest followed.

A 400-POUND OPAL DROPS FROM CALIFORNIA SKIES.

Oakland, Calif., June 12.—How would you like to have a fortune dropped into your back yard? J. W. Shores, retired rancher, who lives in the Diamond district in East Oakland, is the lucky man.

Shores owns a farm near Long Gulch, in Tuolumne county. On June 6, he was plowing, when he heard a swish, saw a streak of light, and felt a luminous object shoot past him at lightning speed. Running into the gulch when the object landed, he was driven back by the intense heat.

After twenty-four hours the place had so cooled that Shores was able to go near it. Five feet under ground, he found a meteor weighing 400 pounds imbedded on the strata of hardpan.

Digging it up, he took it to Tuolumne and later brought it to Oakland, where he is now living. Shores claims the meteor is composed of opalite, and that he has been offered \$2,000 for it by a Stockton jeweler, who wishes to make opal articles from it.

Several attempts have been made to steal it, he says, and he keeps it in a glass case and guards it with a gun at his bedside.

According to assaivists for the 400-pound meteorite in the Ferry building, Shores story is entirely feasible. After sampling a piece of the mysterious rock, the experts gave it as their opinion that the celestial visitor is an "aerolite" composed of sand and rock fused at an exceedingly high temperature into opalite.

Rep. Jones Seeks Government for Philippines.

Plans Senate and House to Enact All Laws for the Country.

Washington, June 12.—Complete framework for a government which would be in fact a miniature United States is provided for the Philippine islands in the bill which Representative W. A. Jones of Virginia, chairman of the house insular affairs committee, carried to the White House a few days ago for the inspection and approval of the president. Before the final draft of the bill was made Mr. Jones conferred with the president about it.

In addition to creating a congress to be known as the "Philippine legislature," with a senate and a house, just as in this country, the bill contains a section which is in reality a condensation of the American Constitution worked out to suit the necessities of the Philippine situation.

The proposed Philippine legislature would absorb the powers now divided between the present Philippine legislature and the Philippine commission. The supreme executive power would be vested in an officer whose title would be the "governor general of the Philippine islands." He would be appointed by the president of the United States.

The provisions of the bill itself say nothing about ultimate complete independence for the islands, but in the preamble of the measure it is set out that "it has always been the purpose of the people of the United States to withdraw their sovereignty over the Philippine islands and to recognize their independence as soon as a stable government can be established therein."

SEES REVIVAL OF BUSINESS

Secretary of Labor Wilson Says Many Workers Are Needed.

Washington, June 12.—The unemployed question soon will be reversed and there will not be enough men to fill the jobs in the United States, according to Secretary of Labor Wilson, who reviewed the labor outlook. The bumper wheat crop, revival of the iron trade, with the consequent stimulation of mining and other associated industries and continued activity in the textile business are given by Mr. Wilson as reasons for prophesying "lots of work." Requests for more than eighty thousand men to help harvest the big wheat crop already have reached the department of labor. Missouri alone has asked for 30,000 men. The Western farmers are offering from two to two and a half a day and board for harvest helpers.

FOUR AUTOISTS ARE KILLED

Machine Driven Into Fast Train on the Union Pacific.

Omaha, Neb., June 12.—Oscar J. Krug of St. Louis and two unidentified women and one unidentified man while driving in an automobile were killed by Union Pacific fast train No. 13, 20 miles west of Omaha. The driver of the car became confused after escaping an east-bound train, and drove on the west-bound track in front of the Denver limited. The pilot of the locomotive picked up the automobile and carried it several hundred yards. Three were killed instantly, but one woman was breathing when picked up. She died a few minutes later without regaining consciousness. All were brought to Omaha in an ambulance. From indications the members of the party were out joy riding.

BOY DROWNS AT BYRON.

Savanna, Ill., June 12.—Mrs. Dewey Denny received a message from Byron Friday evening, stating that her brother, Brandon Noe, was drowned in Rock river while bathing. At the time the message was sent the body had not been recovered.

Brandon was, until recently, a resident of Savanna and was thirteen years of age, the only son of Mr. and Mrs. Joe Noe, who moved to Byron a few weeks ago. The boy was the idol of his parents and the family is prostrated over his death.

The End of a Great Offer: Tomorrow Your Last Chance to Have the New Hoosier Put in Your Home for \$1

Will you decide now to come down tomorrow and settle the matter once for all, or will you let tomorrow drift by—and then realize you are too late to decide, because of the close of the *Hoosier Plan of Sale*?

Scores of other women are in your state of mind. They are reading this final call tonight. And many who have postponed as you have are making up their minds tonight to come down tomorrow for a final decision.

A choice still remains between "White Beauty" (selected by 3 out of 4 women) and the Hoosiers with "Oak" interior. But the numbers are few and you cannot hope to get one if you delay. You incur no obligation by coming, so let other matters wait tomorrow while you settle this important question.

You could scarcely imagine a decision of more importance to you. For the new Hoosier is a wonderful labor-saver—already used by 700,000 women. It saves miles of steps and hours of valuable time. It saves health and good looks. It is very low in price—and on the liberal terms of the Hoosier Plan is the Cheapest Kitchen Cabinet Ever Built.

The Hoosier Plan is Simply This:

1. \$1 puts any Hoosier you select in your Home.
2. \$1 weekly quickly pays for it.
3. The Low Cash Price fixed by the Factory prevails strictly.
4. The Sale is under direct supervision of the Hoosier Company.
5. No interest. No extra fees.
6. Your money back if you are not delighted with your Hoosier.

What Possible Reason can remain to deprive you of the use of this Hoosier? Only the small number of Hoosiers left and the certainty that more women will come than we can supply. Every day we have enrolled more women on the Hoosier plan than we expected. There are fewer cabinets left for tomorrow than we have sold in one day. These few undoubtedly would be taken without this ad, but we make this final announcement to keep our promise to advise you of the last day.

We Now Have Kept Our Promise to You

Please remember, if you come too late, that we have told you every day of the progress of this sale, and that we now warn you of the final date in time for you to still enroll if you act early tomorrow.

KEYES AHRENS OGDEN Co.

The Only Place in Town Where Hoosiers Are Sold

Read About these conveniences that have made the HOOSIER necessary to over 700,000 Women

- (1) Mrs. Christine Frederick's famous "Housekeepers' Food Guide"—on the upper left door—answers every woman's eternally perplexing problem—"What shall we have for dinner?" You turn the dial to the meat you want and a complete outline of a perfectly balanced meal is before you—an exclusive Hoosier feature that is an invaluable help.
- (2) The Cook-book holder on the middle upper door holds your cook book securely when not in use. When you are cooking, simply open up the book to the proper page behind the holder. It is on a level with your eye, always clean, never in the way.

There are 40 special conveniences in the NEW HOOSIER—17 are entirely NEW.

- (3) The Hoosier Metal Flour Bin holds fifty pounds. It is low and easy to fill. The sliding glass front enables you to clean the entire bin easily. The inside is entirely of metal, with no corners to hold flour. First flour in is always out first.
- (4) The New Shaker Flour Sifter is the most wonderful of all the New Hoosier inventions. It is the only flour sifter ever made on a kitchen cabinet that shakes flour through instead of grinding it through. It cannot wear out and cannot grind through any grit or foreign substance that might be in the flour.

Twenty of these features are described in our WINDOW DISPLAY, which is the talk of the town. Come in and find out about the others.

- (5) The new Bill File is a complete bookkeeping system for most households. Most women dislike book-keeping, but this simple hook file for meat and grocery bills on the upper middle door shows exactly which bills have been paid and which have not. With it you can keep a complete, simple record of all your money transactions.

- (6) Every woman has favorite recipes. If you're like most women, you have difficulty remembering where you put the one you want. The *Metal Recipe Card File* has 50 cards and 10 index guides. You can paste or write the recipe and file it always at your fingers' ends. A special holder is provided so you can keep any recipe you are using at level of your eyes—without holding or soiling it.

These and 35 other conveniences are worth examining tomorrow—even at some personal effort on your part. Tomorrow is your last chance to decide whether you want them now on the easy Hoosier Plan.

We are fully prepared to take care of Saturday's business, as we have added an additional force of Clerks. COME EARLY

Do you know how—
To find relief from backache;
To correct distressing urinary ills;
To assist weak kidney?
Your neighbors know the way—
Have used Doan's Kidney Pills;
Have proved their worth in many tests.

Here's Dixon testimony.
N. W. Beale, 620 College avenue, Dixon, Ill., says: "For a long time I had kidney trouble and it showed itself in various ways. I had rheumatic twinges and my back was stiff and lame and when bending over, I could hardly straighten. When I was suffering intensely, I began using Doan's Kidney Pills, which I got at Leake Brothers Company Drug Store. They gave me wonderful relief in a short time and I still use them, keeping my kidneys in good shape. All I said in praise of Doan's Kidney Pills one year ago, holds good and I am glad to confirm that statement."

BOMB IN WESTMINSTER

Militants Attempt to Blow Up Famous Abbey.

Blast, Plainly Heard in House of Commons, Causes Panic Among Visitors—Less Publicity Is Urged.

London, June 12.—Militant suffragists staged one of the most dramatic acts of their campaign when they exploded a bomb in Westminster Abbey at the very moment that Reginald McKenna, secretary of state for home affairs, was delivering an optimistic speech in the house of commons nearly regarding the government's method of dealing with "the wild women."

The bomb was placed beside the famous coronation chair in Edward the Confessor's chapel. Although it did little damage, its report penetrated to the chamber of the house, interrupting Mr. McKenna's oration and bringing some of the members into the street.

The detonation was heard for many blocks and a crowd quickly filled the square in front of the abbey. But the police immediately closed all the doors.

The chair, generally called St. Edward's chair, out of respect to Edward the Confessor, near whose shrine it stands, was made by order of King Edward I to hold the coronation stone or "Stone of Destiny," on which the ancient Scottish kings used to sit when they were crowned.

A hundred or more visitors were being conducted by vergers about the abbey when a sudden flash penetrated every recess. A sharp detonation set the women to screaming and running for the doors in panic.

Two young women, who were nearest the chair were taken to the police station, but they were released.

The discussion of the militant campaign in the house of commons showed that the government contemplates no new measures to control the militant women, except to inaugurate an attempt to make the subscribers to the funds of the Women's Social and Political union responsible for damage the militants inflict.

Home Secretary McKenna, who made a long speech in the house, dismissed the suggestion of the deportation of the militants as impracticable and declared that to let them commit suicide in jail by starvation would likely arouse sympathy. He appealed to the newspapers to kill the agitation by ceasing to give them the advertisement which they fed upon.

ALL WANT GIRL HEIRESS

Grandchild of Late A. N. Brady Object of Court Fight.

Albany, N. Y., June 12.—A fight for the custody of a seven-year-old grandchild of the late Anthony N. Brady and heiress to \$14,000,000, was revealed when it was announced that E. Palmer Gavitt, father of Marcia Ann Gavitt, the child in question, and members of the Brady family had settled the case outside of court. The child's mother is dead and her father recently married a Denver woman. A week ago Gavitt decided to depart for Denver with his wife and child. Thereupon a temporary injunction was obtained preventing him from removing his daughter from the state.

New Champ Gets Bouts.

Los Angeles, Cal., June 12.—Johnny "Kid" Williams, new bantamweight champion, changed his plans and decided to remain here for the summer instead of going east for short bouts. Several offers for fights caused the change of program, for Tom Carey has agreed to rematch him against Charley Ledoux, the French champion, recently knocked out by Williams, and "Kid" Hermann of New Orleans. Coulton will remain here for a day or so and then leave for Chicago.

Stevenson Fails Steadily.

Chicago, June 12.—Adlai E. Stevenson, former vice-president of the United States, is steadily growing weaker.

Messages of sympathy were received from President Wilson and Secretary Bryan.

THE DIXON ROTARY LAWN MOWER

"DIXON"

THE LIGHT RUNNING, HEAVY DUTY LAWN MOWER.

Guaranteed Equal to the Best Made.

Made in Dixon. Boost! It is Dixon. Every lawn in Dixon should have a mower on it. Your dealer should have them. If he has not got them call us and we will supply you.

We wish to draw your attention to a few of the improvements in the Dixon Lawn Mower over all other makes.

First, to the floating bed knife bar which is swiveled on the rod that ties the back end of the mower securely together, and, with the other tie rod at the front makes the most rigid frame to be found in lawn mowers.

You will notice at each back corner of the bed knife a compression spring. These press the cutting edge of the bed knife up against the reel, or revolving knife, always adjusting itself.

We make the Dixon with a thrust ball bearing which is the same as is used in automobiles, making it the best.

The knives throughout are crucible steel. The lower bed knife is crucible lip steel.

The Dixon Mower will cut heavy grass without raising the handle and without lifting up behind and choking.

CARRANZA TO JOIN MEDIATION MOVE

Rebel Answers A-B-C. Peace
Enjoys After They
Bar Him.

WILL CONTINUE REBELLION

Announcement Made at Saltillo, Mex.,
That Agreement to Send Agent to
Meet Would Not Stop Fight
Against Huerta.

Saltillo, June 12.—General Carranza
announced that he had returned an an-
swer to the note of the mediators,
stating that he would appoint repre-
sentatives to the conferences at Ni-
agara Falls. His note merely gave as-
surance that the constitutionalists
would be represented. It did not men-
tion conditions on which they would
take part. Announcement was made,
however, that agreement to attend the
conferences would not serve to check
the campaign against the federals. The
advance to the south will be continued
with vigor.

Board to Rule Mexico.
Niagara Falls, Ont., June 12.—At a
conference between the A-B-C. medi-
ators and both American and Mexican
delegates an agreement was reached on
the form and character of the new
provisional government of Mexico pro-
posed in the pacification plan.

Under this arrangement the tempo-
rary national authority in Mexico City
will consist of a commission of five
members—a provisional president and
four heads of cabinet departments, a
majority of which shall determine the
action to be taken in all public affairs.

U. S. for Out-and-Out Rebel.
The discussion of the selection of a
provisional president did not succeed
in overcoming the difficulty produced
by the position of the United States
that an out-and-out constitutionalist
should be chosen.

There is no longer any expectation
that Carranza will be represented in
the mediation. Failing to get a reply
to their last communication to him,
the mediators said the "representation
incident" was closed. At the same
time, they revealed the correspond-
ence on the subject that passed be-
tween themselves and Carranza or his
agents.

To Continue War Against Huerta.
Washington, June 12.—In dismissing
the idea of participation in mediation
as a result of the day's developments,
some of Carranza's agents declared the
campaign against Huerta would be
continued with increased activity.

Arms and ammunition for Carranza
aboard the Cuban steamer Antilla now
at Tampico probably will be unloaded
today. So far as could be learned this
government will take no steps to pre-
vent the unloading.

Funston to Get More Ment.

The apprehension of General Fun-
ston over rumors of a possible fed-
eral advance on the American outposts
at Vera Cruz became a matter of grave
concern to war department officials.
The anxiety was increased by knowl-
edge that strong rebel force was op-
erating in Vera Cruz state.

Any plan for extension of the Ameri-
can lines to strengthen Funston's po-
sition must be considered in the light
of the state department's acceptance
of mediation that there would be no ad-
vance movements during the investiga-
tion by the mediators.

Ordered to Stop Arms to Rebels.
El Paso, Tex., June 12.—Orders
were issued by the treasury depart-
ment at Washington that customs of-
ficials along the entire Mexican border
exercise extreme vigilance to prevent
the passage of arms into Mexico.

SHIP PLOT IS FRUSTRATED

Police Take Man Who Is Said to Have
Threatened Liner.

New York, June 12.—New York de-
tectives, armed with rifles and shot-
guns, one party riding on the last
car of the Buffalo Express on the
West Shore railroad, and the second
party trailing the Buffalo Express on a
special train, captured a man near
Bogota, N. J., eight miles from Wee-
hawkee, who had threatened to blow
up a steamer on the Cunard line un-
less a package containing \$10,000 was
dropped to him from the rear of the
Buffalo Express. The prisoner is a West
Indian negro and said his name was
Joseph Burton, and his residence 197
Duffield street, Brooklyn. The police
say he admitted writing the letters
demanding \$10,000.

ST. LOUIS HAS \$200,000 FIRE

Blaze Starts in Ether House of Chem-
ical Firm and Causes Explosion.

St. Louis, June 12.—Fire, caused by
combustion of nitrate of soda in the
ether house of the Mallinckrodt Chem-
ical works, did \$200,000 damage to the
million-dollar plant. Explosions and
fumes from burning chemicals handi-
capped the firemen. No one was in-
jured.

Seamen Appeal to Wilson.

Washington, June 12.—A delegation
from the International Seamen's union
of America appealed to President Wil-
son to help effect the passage of the
La Follette seamen's bill in the house.
